

A Carol for 2021

Covid-19 locked us down,
Clear of all infections.
Music helps us stay in touch,
Strengthens our connections
Even though we're all well-spaced,
Sharing fun and singing,
We can see each cheerful smile,
Hope and friendship bringing.

Now the vaccine's on its way,
Our turn's coming nearer.
Scientists who've worked so hard
Make our future clearer.
Doctors, nurses, neighbours, friends....
All are kind and caring,
Seek the rainbow through the rain,
Peace and comfort sharing.

Though we have to stay apart,
Covid cannot beat us.
Choral Spirit spreads afar,
Lock-downs won't defeat us.
So, to all our singing friends:
Don't be sad or fearful,
As the New Year brings new Hope,
Please 'Stay Safe', 'Stay Cheerful!'
